Hi, Troops – There’s a meeting coming up this Saturday, at the cabin – at 5 p.m. The second work day of the year starts at 8:00 a.m. I don’t know just what is on the agenda for the work day, so I can’t pass anything on about that. (sorry). The only thing I can tell you is that there’s a possibility of the women’s out house being moved to a new location. There’s also talk of planting one / third of the lower field with food plots for attracting game. This would be done for the next three years. Other than that, I don’t know what else is going to be done - - not sure if the pavilion will be started, or not. We have a sum of \$1,430.00 in the pavilion fund, so it’s a possibility.

Ken Moser walked and talked with a tree specialist, who recommended waiting a few more years before taking any more trees down, as the market is at a low point right now.

Ken Heist, Mark Zaller, and Ken Moser attended a DEC sponsored seminar, and learned some things about deer management per the DEC. There is no mandatory limit on bucks.

That, my friends, is the best I can do for you as far as information goes - - I can’t tell you what I don’t know, myself. I will, however try to make use of the rest of this sheet of paper – if, for no other reason, than to avoid being wasteful.

That wraps this rag up for this month, Troops - - don’t forget, there’s no meetings in July and August, so We’ll send another one in September. Stay well, stay safe, and have a great summer.

Dick Z.
