News:

- We will not host a NY Hunter Ed Course at the club grounds this fall(2021). We do not have facilities to be compliant with the state Covid regulations.
- On-line Gun and Archery Hunter Ed courses are still available. Any member who knows of anyone needing a Hunter Ed Certificate should seek this option on the DEC's website.
- Also, there are legislative changes proposed for any hunter wishing to hunt big game in ANY season with a crossbow.
- Here is the DEC's recent release. *There is a current legislative proposal that, if approved as written, would require all hunters who use a crossbow to hunt big game in any season to have bowhunter education certification. There is no grandfather clause in this proposal. If this proposal requires us to change what is taught in the bowhunter education course, we will let the bowhunter education instructors know. If this proposal does pass, we could see an increased interest in bowhunter education this year.*
- The March meeting scheduled for March 18, 2021 at 7:30pm is virtual. Please contact Tim Murphy if you don't have the invite – it was previously sent to all email addresses on record with the club.

Housekeeping:

- April work party & meeting at camp – Saturday April 17th, work party 8-5, meeting 12pm
- A special thanks to the thoughtful member who attached the water filter to the water line used to fill the hot water tank and left it attached when they left camp. Who knew that when water freezes it cracks things. And this is why we can't have nice stuff.

Important Information:

- Dues are due by the April meeting – Saturday April 17th, 12pm at the cabin.
- Remember dues have increased to \$350 for 2021.
- Dues can be mailed to Mark Zaller, 3350 McKinley Parkway #3, Blasdell, NY 14219.

Respectfully,

Conrad Menclawicz
