Hi Troops - - We're on again - - time for another fun packed meeting of the minds (otherwise known as a club meeting) October is election month - - come vote for your choice of officers for the coming year - we're looking for a new secretary this year.** A reminder - assessments for not making a work day this year are due at the October meeting - \$ 160 pesos ,Troops.

Those of you who have e-mail addresses will now be getting these rags as e-mails, instead of through the mail as before. If any of you have internet accounts, and are not on my list, you can send me your e-mail address, or call me at the number listed above to be included in this new turn of events. The rest of you will continue to get these soggy, wrinkled , torn rags via the U.S.Postal service. As of right now, I have a total of fifteen cyber connected members. I hope to get some more this month.

I received a message from Mark Zaller, asking me to pass along his personal thanks to the following people for their help at his hunter safety seminar on September 23rd , which was another great success, with a class of 22 young hunters , including 9 females that were graduated. - - - Anyhoo - - they are : Kim Murphy, who gave an outstanding first aid presentation ; Joe Nagy, who taught tree stand safety and deer tracking woodsmanship ; Bill Pugh and Dave Smith for washing all the benches for the class ; Jim Sharpe for setting up and putting away the .22 targets, and a special thanks to Tim Murphy for making up some venison chili, which was hailed as the best chili they ever had by students and instructors alike. He also exhibited safe gun carries and fence crossing exercises . Mark also expressed his thanks to the B.R.G.C. membership for supporting the hunter education class with the generous donation of lunch and beverages, and the use of the club's facilities.

Results of the woodcutting work party - - a less than usual turnout produced a smaller amount of firewood for this winter. It's possible that we may have to purchase some seasoned wood next fall for our supply. This will be discussed at the meeting. - - - Besides the woodcutting, work was begun on the electrical re-wiring . The completion date on this has not been determined as yet. Also a general cleanup was done. Included in the days events was a walk in the woods by Tim Murphy and Ken Moser in search of future firewood prospects. We will hear they're comments on that at the meeting.

That seems to cover just about everything for this month, Troops. (Of course, I'll probably remember something else once this rag is sent out, but if that happens you ain't gonna know about it anyway.) - - - - So stay loose Troops - - an' stay healthy. See ya Thursday .
