Hi, Troops – it's meeting time again. This is election month – all existing officers will run for re-election, and nominations will be open for any member who wants to run for office. Do your best to attend.

The membership approved the proposed dues increase to \$200.00 per year, effective January 1st, 2016. The assessment for not making a work day at the campgrounds during the year will also be set at \$200.00. Just letting you know what's going on, Troops.

At Mark Zaller's hunter/safety seminar this past month, 21 students passed, and earned their hunter safety certificates. Mark would like to thank the club for supporting the class, and for providing the grounds, the lunch, and the snacks and drinks. "Special thanks to Tim Murphy for setting up the on-line registration, and for his delicious venison chili, as well as food shopping. - - Thanks to Dave Raczka for his excellent muzzle loading presentation, and for being a range safety officer, along with Mike Kalinka. Mike also set up, and put away the rifle targets after the range exercises. - - Thanks also to Joe Nagy for his tree stand safety demonstration. He also did much to get the grounds ready. - - Ken Heist supplied a delicious batch of venison goulash. He also shopped for food, and collected the directional signs to the cabin. - - Dan Roberts jr. helped set up the teaching shelter, and placed the directional signs to the camp grounds. Good work, Daniel – now it's squirrel and goose hunting time. - - thanks also to Jack Green, for ensuring there was a minimal amount of leftover food. I hope I didn't leave anybody out. If so, I'm sorry, and thank you all for your help. Last class of the year. Now it's time to practice what we preach – safety wise. Best regards – Mark."

Tim Murphy comments – "Congratulations Mark, on your recognition at the September DEC sportsmans educator recognition banquet of 10 years as a hunter safety instructor"

The Pavilion fund stands at \$1170.00 to date, after Mike and John Leiser and friends collected \$240.00. Thanks to all who have donated so far.

Future work projects include moving the ladies outhouse, and some much needed work on the driveway. Something needs to be done to improve drainage to the driveway, without creating ruts and erosion. This will require some deep thought - - almost as deep as the ruts in the driveway. Anyhoo, it's a problem that's got to be solved.

That's all I've got for this month, Troops, so I'll pass this on to you. I saw this on facebook, and it cracked me up. - - - When I die, I want a closed casket service. I would like, however, that the organist, near the end of the ceremony, play "pop goes the weasel" over and over until everyone in attendance is staring expectantly, and frightfully at my casket. Can you just picture that ??

Okay, Troops, I'm done . Stay healthy, stay safe, and stay cool. See you Thursday at the meeting.

Dick Z.
