This discussion was brought about since one of the members brought a past member, who was dropped from the membership roles, to camp during the first week of deer season. It appears that the water pump, even though it was turned off for the winter, had a section of pipe freeze up. This matter is to be looked into, and a better method of draining provided. M. Zaller reported on the literature that came in from a company supplying insurance which is no better than that which we now have.

GOOD & WELFARE: The recent deer take: M. Leiser - 6 pt., D. May, Jr. - doe, Pres. Murphy - 200 lb. buck with a deteriorated indistinguishable rack. Alex has a new job with the Highway Dept. Tentatively February 20-21 is set for the fox hunt at camp.
