Camp was in good shape throughout season – a reminder to all members that you should **actually do some clean up when you leave**. Many members leave while others are still in camp and take that opportunity to leave clean up to those who remain.

Reminder there is **NO SMOKING in the Cabin..** Apparently, this rule is still being broken. Also please replace any wood you burn in the mud room.. Dave Raczka left some great homemade fire starters on the fireplace mantle.. 1 or 2 of these will start any fire!!

Foxhunt

Foxhunt will be held **this weekend -> February 24 – 26**. Hope to see you all there. Meeting will be held on Saturday at noon. We expect to have a new member join on Saturday.

2023 Calendar is on the website. Work parties will be on April 22, June 10 and September 16.
